WILDLIFE  
MANAGEMENT  
AREA  
HUNTING BY  
PERMIT

Wildlife Management Area boundaries should be marked with these yellow signs.

In January 1980 the Department launched the RESPECT Campaign, a project to encourage all outdoorsmen to protect the state's natural resources and its outdoor sports by following ethical rules of conduct in the field. Borrowed from a similar program in Virginia, RESPECT stands for Responsible Educated Sportsmen Promoting Ethical Conduct Together. The campaign is based on five principles of ethical conduct which are the marks of a true sportsman:

RESPECT for nature.  
RESPECT for the game pursued.  
RESPECT for the landowner.  
RESPECT for fellow sportsmen.  
RESPECT for the law.

### GENERAL WMA REGULATIONS:

Statutes 50-11-2200 and 50-11-2210 authorizes the promulgation of WMA regulations. 2.1 Except as provided in these regulations, it is unlawful to hunt or take wildlife on areas designated by the S.C. Department of Natural Resources (SCDNR) Wildlife Management Area (WMA) lands.

2.2 Entry onto WMA land is done wholly and completely at the risk of the individual. Neither the landowner or the State of South Carolina nor the S.C. Department of Natural Resources accepts any responsibility for acts, omissions, or activities or conditions on these lands which cause or may cause personal injury or property damage.

2.3 Entry onto WMA land constitutes consent to an inspection and search of the person, game bag or creel.

2.4 It is unlawful for anyone to hunt or take wildlife on WMA land unless an individual is in possession of a valid South Carolina license, a valid WMA permit, and other applicable federal or state permits, stamps, or licenses.

2.5 No Sunday hunting is permitted on any WMA lands.

2.6 On all WMA lands, baiting or hunting over a baited area is prohibited. As used in this section, "bait" or "baiting" means the placing, depositing, exposing, distributing, or scattering of shelled, shucked, or unshucked corn, wheat, or other grain or other food stuffs to constitute an attraction, lure, or enticement to, on, or over any area.

"Baited area" means an area where bait is directly or indirectly placed, deposited, exposed, distributed, or scattered and the area remains a baited area for ten (10) days following the complete removal of all bait.

2.8 On WMA lands any hunter younger than sixteen (16) years of age must be accompanied by an adult (21 years or older) who is validly licensed and holds applicable permits, licenses or stamps for the use of WMA lands. Sight and voice contact must be maintained.

2.9 Notwithstanding any other provision of these regulations, the Department may permit special events on any day during the regular hunting season.

2.10 No person may release or attempt to release any animal onto Department-owned WMA lands without approval from the Department.

2.11 While hunting on Department-owned WMAs, no person may consume or be under the influence of intoxicants, including beer, wine, liquor or drugs

3.5 No target practice is permitted on Department-owned WMA lands except in specifically designated areas.

6.1 On all WMA lands, no hunter may shoot from a vehicle except that paraplegics and single or double amputees of the legs may take game from any stationary motor driven conveyance or trailer which is operated in compliance with these rules.

For purposes of this regulation, paraplegic means an individual afflicted with paralysis in the lower half of the body with involvement of both legs, usually due to disease or injury to the spinal cord.

6.2 On Department-owned WMA lands, motor driven land conveyances must be operated only on designated roads or trails. Designated roads and trails on Forest Service lands are those designated with either a name and/or numbered sign. On Forest Service land ATV's can be used only on designated ATV or motorcycle trails.

Unless otherwise specified, roads or trails which are closed by barricades and/or signs, either permanently or temporarily, are off limits to motor-driven land conveyances.

6.3 It is unlawful to obstruct travel routes on Department-owned WMA lands. 8.1 Camping is not permitted on DNR-owned WMA lands except in designated camp sites.

In addition, a licensed adult at least twenty-one years of age must accompany the youth hunter into the field and may not harvest or attempt to harvest game during this special hunting event. All youth hunters, regardless of age, must possess a set of turkey tags. License requirements specified in this chapter shall be waived for this day for all youth hunters as described above. Daily harvest limits remain the same as allowed during regular seasons for each species of game.

Section 50-1-85. It is unlawful for any person to use a firearm or archery tackle while in preparation for, engaged in the act of, or returning from hunting in a criminally negligent manner. Criminal negligence is defined as the reckless disregard for the safety of others.

Section 50-11-510. It is unlawful to shoot any wild turkey between thirty minutes after official sunset and thirty minutes before official sunrise. It is unlawful to take or attempt to take a wild turkey from a vehicle on a public road. It is unlawful to trap or snare any wild turkey.

Section 50-11-510. It is unlawful for a person to hunt or take or attempt to hunt or take a wild turkey by means of, or aid or use of bait or baiting, or on or over any baited area. As used in this section "bait" or "baiting" means the placing, depositing, exposing, distributing, or scattering of salt, shelled, shucked, or unshucked corn, wheat, or other grain, or other foodstuffs to constitute for wild turkeys a lure, attraction, or enticement to, on, or over any areas where hunters are attempting to take them, and "baited area" means an area where salt, shelled, shucked, or unshucked corn, wheat, other grain, or other foodstuffs capable of luring, attracting, or enticing wild turkeys is directly or indirectly placed, exposed, deposited, distributed or scattered, and the area remains a baited area for ten days following complete removal of all bait.

50-11-544. A person who hunts wild turkeys is required to possess a set of wild turkey transportation tags issued by the department at no cost. All turkeys taken must be tagged before being moved from the point of kill. No person may obtain or possess more than one set of turkey tags.

NOTE: As per this section, the following activities can result in a baited area.

1. Disking or otherwise manipulating chufa fields to expose chufa tubers prior to or during turkey season.
2. Mowing or otherwise manipulating standing grain crops such as corn, grain sorghum, etc. where grain is scattered or exposed prior to or during turkey season.
3. Top sowing of any grains prior to or during the turkey season.

In Game Zones 1, 2 and 4 the act of baiting is strictly prohibited by law. In Game Zones 3, 5, 6, 7, 8, 9, 10 and 11, where on private lands feeding wildlife is legal, all feeding activity should be terminated at least several weeks prior to hunting. Specifically, the law states that all bait must be completely removed 10 days prior to hunting. There is no set distance from a baited area where hunting turkeys is legal. The safest practice is to have no bait on the land you plan to hunt.

### PENALTIES:

The penalty for hunting on any WMA other than at those times specified by the Department, or for violating any of the rules and regulations, shall be prescribed by Section 50-11-2200, 1976 S.C. Code of Laws.

The penalty for violating any turkey hunting regulation contained herein is prescribed by Section 50-11-540, 1976 S.C. Code of Laws.

Section 50-11-540. In addition, a person taking a wild turkey unlawfully must make restitution to the department in the amount of five hundred dollars for each bird taken. In addition, a person convicted of taking a wild turkey legally forfeits hunting and fishing privileges for one year for each bird taken.
